Profile

Innovative, a dedicated and results-driven web developer with a keen eye for detail and a commitment to creating seamless, user-friendly websites. With 2+ years of hands-on experience in the ever-evolving field of web development. I am proficient in a variety of programming languages, including HTML5, CSS3, JavaScript, and have a strong foundation in front-end and back-end technologies. My expertise extends to popular frameworks such as React and Angular, ensuring dynamic and responsive user interfaces. I'm also well-versed in server-side languages like Node.js and have experience working with databases, including MySQL and MongoDB.

Education

- Bachelor of Computer Science, Government College University, Faisalabad
